

# MECHANICAL *Concealed Fastener Roof Panel*

Mechanical panels are a high performance metal roofing choice, well suited for commercial, architectural and residential applications. The seaming process for Mechanical panels allows for multiple levels of wind resistance and makes the panels perfect for installation on low slope roofs.

**Fastener:** Concealed Fastener

**Finishes:** Premium Kynar

**Metals:** Galvanized, Galvalume®,  
Copper

**Gauges:** 26 GA and 24 GA

**Features:**

- Architectural/structural integral standing seam panel
- Applies over open framing or solid substrate
- Mechanically seamed panel system
- Cut to the inch
