

# PBR PANEL *Exposed Fastener Roof Panel*

A PBR Panel is an 'R' style panel ideal for commercial roofing applications. It can be installed directly over purlins and joists because of its Purlin Bearing Rib feature. This also creates an optimal seal for weather tightness, protecting your home from harsh weather conditions.

**Fastener:** Exposed Fastener

**Finishes:** Classic Sil-Poly and Premium Kynar (Limited colors for 26 GA)

**Metals:** Galvanized, Galvalume®

**Gauges:** 26 GA and 24 GA

**Features:**

- Applies over open framing or solid substrate
- Thru Fastened Panel System
- Cut to the inch
